

David Garrett

SENIOR/STAFF PRODUCT DESIGNER | B2B SAAS PLATFORMS

[Portfolio](#) | [LinkedIn](#) | relevantux@gmail.com | (415) 336-9191 | San Francisco Bay Area

Highlights

- 25+ years shaping complex enterprise SaaS & cloud experiences.
- Designed for scale at companies from Fortune 50 to hyper-growth startups.
- Track record of preventing strategic missteps through research-led product direction.
- Systems-thinking and collaborations on AI/Agent and B2B/B2C Cloud Solutions platforms.
- Industry certifications in Cloud, AI, Design Strategy, and Salesforce Platform Administration

Core Skills

Product Strategy • 0-1 Experience • UX Architecture • Figma • Design Systems • Data-Driven UX • Accessibility • Mentorship • Agile/Lean UX • Cloud Platforms (AWS, Salesforce) • GDPR & Data Privacy • AI Integrations

Experience

Netflix | Senior Product Design Consultant | Nov 2025 – Jun 2026
Los Gatos, CA (hybrid)

- Research, Figma prototyping, and redesign for Argus, a Netflix observability system used for customer and partner support and supported by the CIA/SWT platform team.
- **Outcomes:** IA and navigation redesign, grounded in interviews with 18 power users across groups, was user-validated for reduced cognitive load and better discoverability, and laid the groundwork for agent-automated investigations (est. ~300 engineering hours saved annually).
- Design of a new AI-driven developer portal for the GCP and GPX platform teams that pulls together disparate APIs, docs, and tools.
- Creation of designs to accelerate a major push toward AI assistants for technical and Operations users.
- Leading research and partnerships across groups (Ads, streaming, client and partner services, gaming, legal, security, etc.)

6sense | Principal Product Designer | 2021 – Mar 2025
San Francisco, CA

- Directed strategy and design in a 0-1 project for a flagship omni-channel Ad and marketing strategy automation platform, as well as the supporting data-cleaning agent automation platform that supported it. The system was projected to drive significant pipeline growth in 2025.
- **Outcomes:** Took the canvas-based workflow platform to GA readiness with 80+ node panels, 30+ weekly beta users, and 11 usability tests on a ~2-week feedback-to-fix cycle, unifying design, testing, and automation of campaigns in one place.
- Partnered with Product to define vision and workflows for integrated AI assistants.
- Partnered with design system team on data visualization patterns (a starting point for platform patterns)
- Mentored a junior designer and trained her on platform concepts and research needed for next steps.

Aryaka Networks | Sr. UX Architect | 2020 – 2021
San Mateo, CA

- Collaboration with front-end engineers on company's first design department and scalable design system.
- Designed complex workflows enabling network administrators to configure global IT networks.
- Shaped product strategy for mobile support, aligning with customer needs and improving cross-platform usability.

Informatica | Sr. UX Designer | 2019 – 2020
Redwood City, CA

- Designed GDPR-driven data privacy offering for the company's flagship cloud platform.
- **Outcomes:** Prevented a costly strategic misstep by steering Product from a "sticky app" focus to full automation, based on customer research.
- Improved design system governance by co-creating processes for audits and updates.

Oracle | Principal Product Designer | 2013 – 2018
Redwood City, CA

- Data Visualization for an Operations platform for CSMs, cloud billing, and customer support.
- Led research and design for Oracle's Student Cloud, a SaaS product for universities.
- Designed a 0-1 customer lifecycle app for CSMs, growing voluntary adoption from 0 → 4,000 users in ~13 months and replacing spreadsheets plus 3+ internal tools with one source of truth.
- **Outcomes:** Redesigned onboarding saved an est. 1,600 CSM hours annually; shipped on web, tablet, and mobile, with partners like Deloitte and Accenture connected.
- Conducted global research (Romania, India) to architect a scalable workflow for Collections & Billing.

Wells Fargo | Senior UX Consultant | 2008 – 2013
San Francisco, CA

- Collaborated with content strategists to migrate high-value online properties to a new CMS.
- Created and integrated new design system patterns across banking platforms.
- Partnered with business leaders to restructure navigation based on content priorities.

Education & Certifications

BS, Computer Science & HCI | Walden University, 2008 – 2012

- AWS Certified Cloud Practitioner
- AWS Certified AI Practitioner
- Salesforce Certified Platform Strategy Designer
- Salesforce Certified Platform Administrator
